

MGT 314; Spring 2024 Semester

Sections 11, 14, and 17

Group Case Study Report Instructions

Context:

Review Productivity in your textbook(s). Research climate change.

In your report, address the following:

- **In your opinion, will climate change impact our current perception of productivity?**

If your answer to the question above is “YES”, explain how and why climate change will impact productivity. If your answer to question above is “NO,” explain the reasoning(s) that formed your “NO” opinion.

Instructions:

Develop a *PowerPoint* presentationⁱ. Your report must conform to the following restrictions:

1. The number of pages in your report will equal the number of students in your group or five, whichever is larger.
2. Attach a bibliography. Use the [APA format](#).
3. The number of pages will exclude the cover page and your bibliography.
4. You cannot exceed 5 bullet points per page.
5. In each bullet, you cannot exceed 5 – 7 words.
6. Use a simple cover page: provide your section number, group number, the ID numbers and the names of your group. Do not use logos, graphics, and other irrelevant items.

Due date:

March 28, by the end of the class. There will be a follow-up interview.

Each team will make a 30-minute appointment with the instructor. During this appointment, your instructor will review your report and ask questions. Your assessment will depend on:

1. The quality of your report (25% weight), and
2. The quality of your answers (75% weight).

Each team member must be present during his/her team appointment. If a student is absent without prior arrangement, he or she will receive a zero for the case study report.

ⁱ Similar to the instructor’s material presented in class).
